

CAN'T CONFIRM EPISODE #

Ann administers oxygen to an unconscious Jack. Tony's Aircat (plane) has been stolen by 2 strangers; Jack wants to look thru pictures to pick out the culprits. What if Ann has their fingerprints (on a bottle?)? Yes! Jack calls Pete and asks him to meet with him. Will the plane be at the Green Estate? What does Doc Tyler have to do with it? Jack Pete & Ann surveil the Green Estate, and see the stolen Aircat. A car turns into the driveway, and it's Doc Tyler! The trio make a dash for the Aircat, and take off in it. But once in the air, they realize that someone else is on board.
